

## Command to Service

During the Holy Thursday Mass of the Lord's Supper, we commemorate two events of the Last Supper, Jesus' washing of the feet of his disciples and his giving of the Eucharist. Both events remind us of our own call to serve others as Jesus did.

Today there is a need for many kinds of service in our society. On the chart below, consider each service. Then identify the person who performs the service for you, and think of a corresponding service that you could do for someone else. The first example is given.

Service	Done By	A Service I Can Do
Driving to school	Parent/Bus Driver	Mind my little sister when the family is shopping.
Cleaning your clothes		
Protecting you from sickness		
Heating your home during the cold weather		
Seeing that rules of games are followed		
Giving you a chance to earn spending money		
Keeping you company in the summer		
Organizing your activities		
Making you laugh
